**Whisper pool wins
us an award from
the Belgian Pool
Association**

2017

**Supplying pools
to 18 countries in Europe
and complete our new
company premises**

2016

**Winner of International
Team of the Year
at the UK Pool
& Spa awards**

Our philosophy

With our approach, we want to reach out to and inspire not only our customers, but also our colleagues, partners and suppliers.

“ We are seeking and finding a balance in our business, our creative and technical processes, the cycle of nature, and also in the life of each one of us. ”

The foundation of life

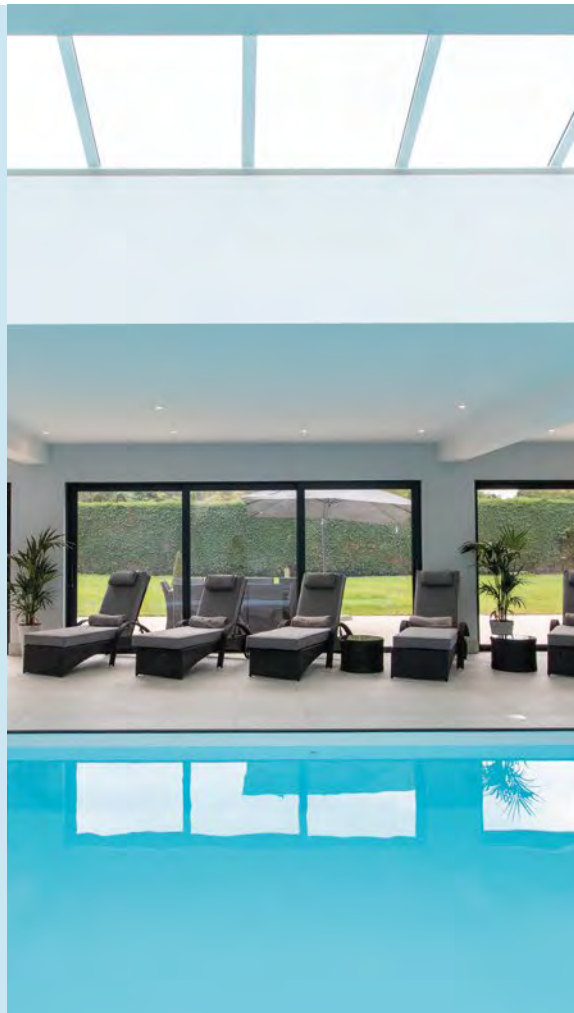

Beautiful, pure yet so strong. Without it, there could be no life on the planet Earth. A gift from the heavens or one of the four elements? For us, water is simply everything.

With respect for the Planet

We have managed to combine nature with the beauty of human craftsmanship to achieve perfectly clean lines. We create our pools with love and with respect for our planet. We are constantly seeking new solutions and ways for a more sustainable future.

Sharing joy

Together we create a place where you can enjoy some unforgettable moments with your loved ones. That's what gives our work and life meaning. As relationships are wholly fundamental to human happiness.

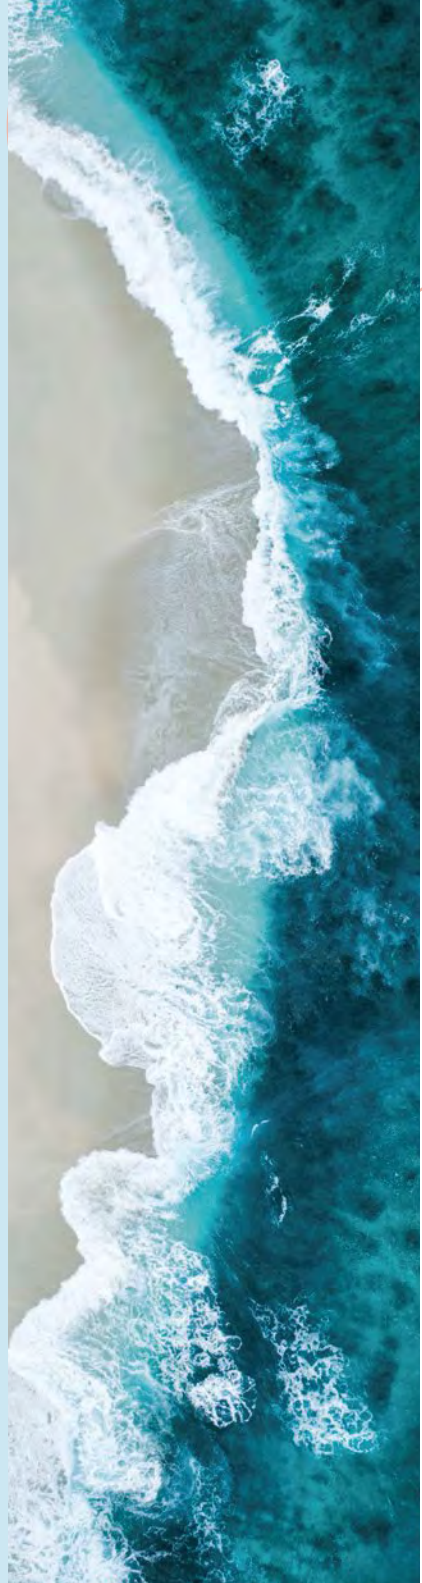

With a love for nature

“We take loving care of nature and the environment.”

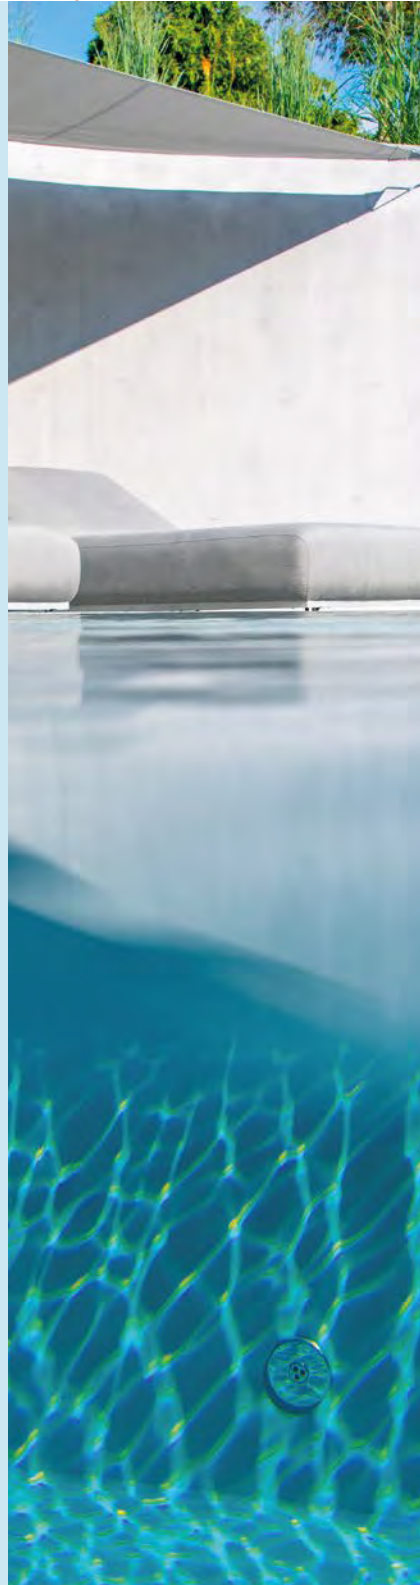

We care for the planet by recycling all our unused material, saving water through our smart filtration and nPool control application, or by recharging energy at our electric car stations.

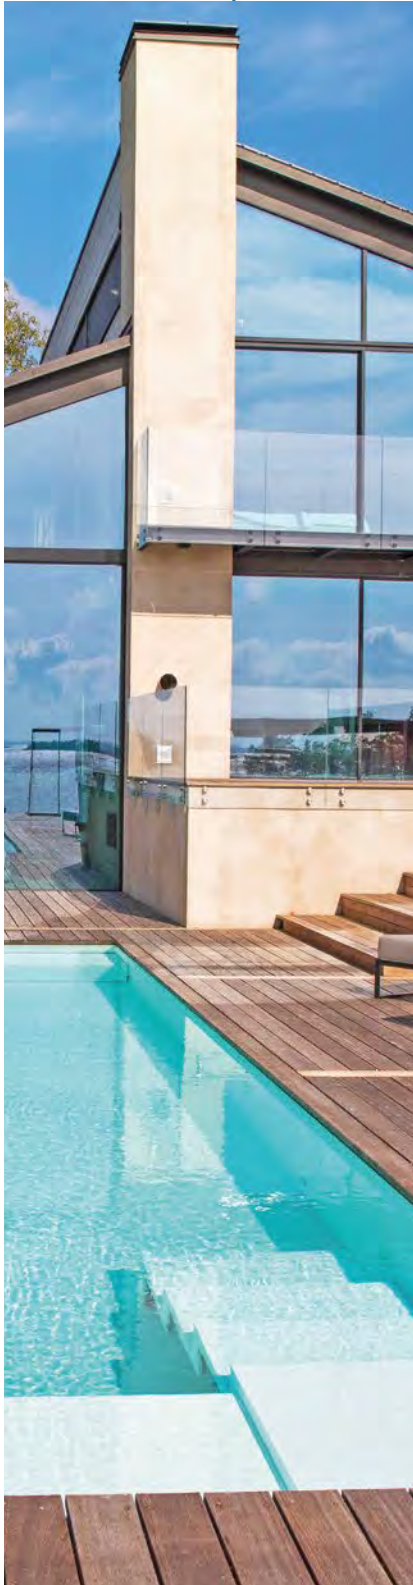

POOLS

Where water embraces your body
and takes you into its arms

OVERFLOW UNDERFLOW

The water surface ingeniously disappears below the terrace and thanks to the water you save, it is also ideal for children's fun and games. This is offered by the Underflow overflow pool.

OVERFLOW EVOLUTION

The Evolution overflow pool looks amazing with its minimalist lines. It blends simplicity and comfort and is an expression of taste and individuality.

OVERFLOW **ADVANCE**

The natural granite below the surface of the water accentuates the geometric lines of the Advance overflow pool.

OVERFLOW INFINITY

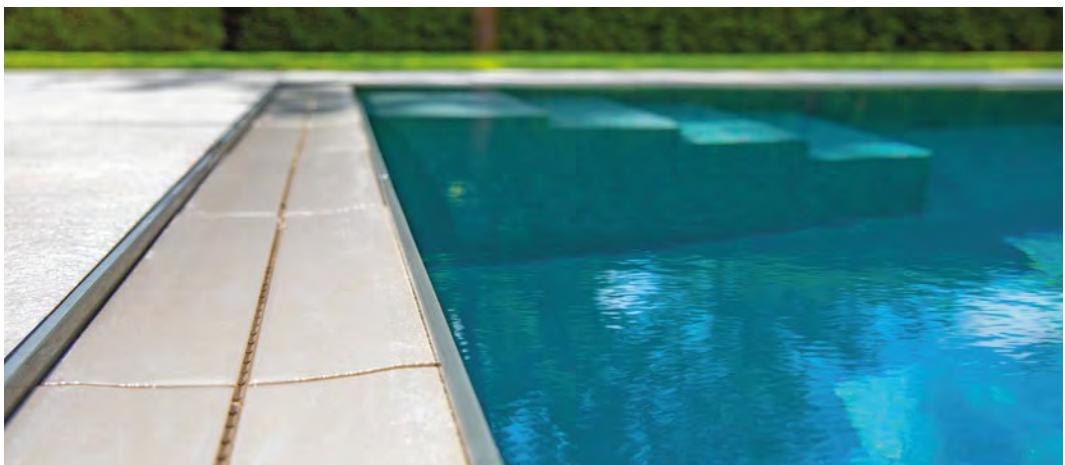

Choose an Infinity overflow pool for a multi-level garden. The water flows over the edge of the pool, thus creating an infinite view of the surrounding countryside.

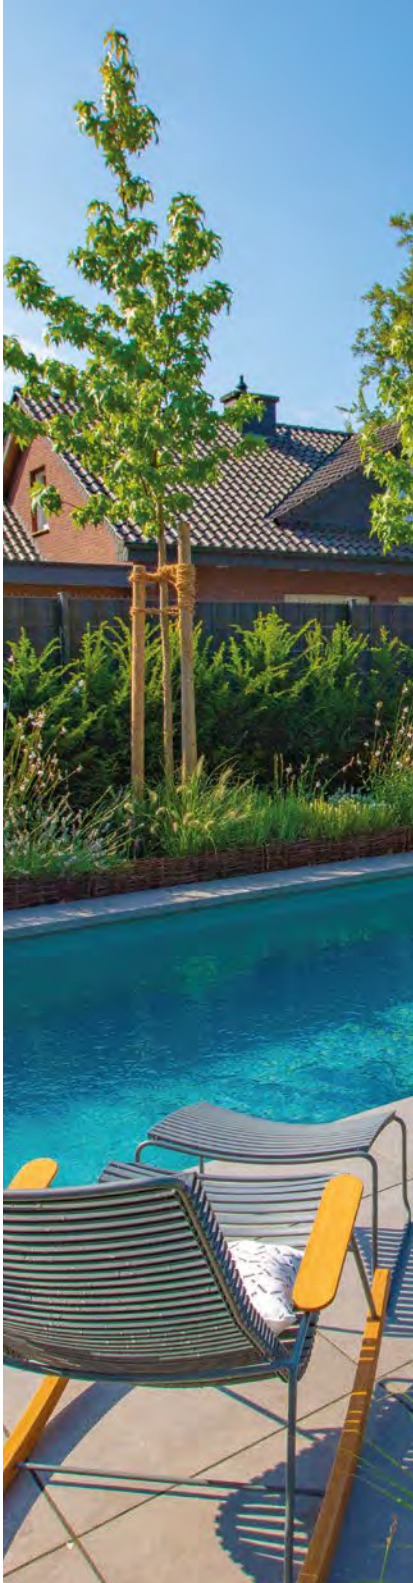

OVERFLOW MULTI

The Multi is the basic overflow version, which is very popular. You can choose from a wide range of materials from PVC grilles through to inserted natural or Greek stone.

SKIMMER INVISIBLE

Get the maximum possible water height and achieve an almost invisible transition between the wall of the pool and the water drainage outlet. For a pool with no overflow, and specially developed here at NIVEKO.

SKIMMER TOP LEVEL

Thanks to the elegant design of this pool the surface of the water almost reaches the edge of the pool. We offer a narrow skimmer type in plastic or in a classy stainless-steel version.

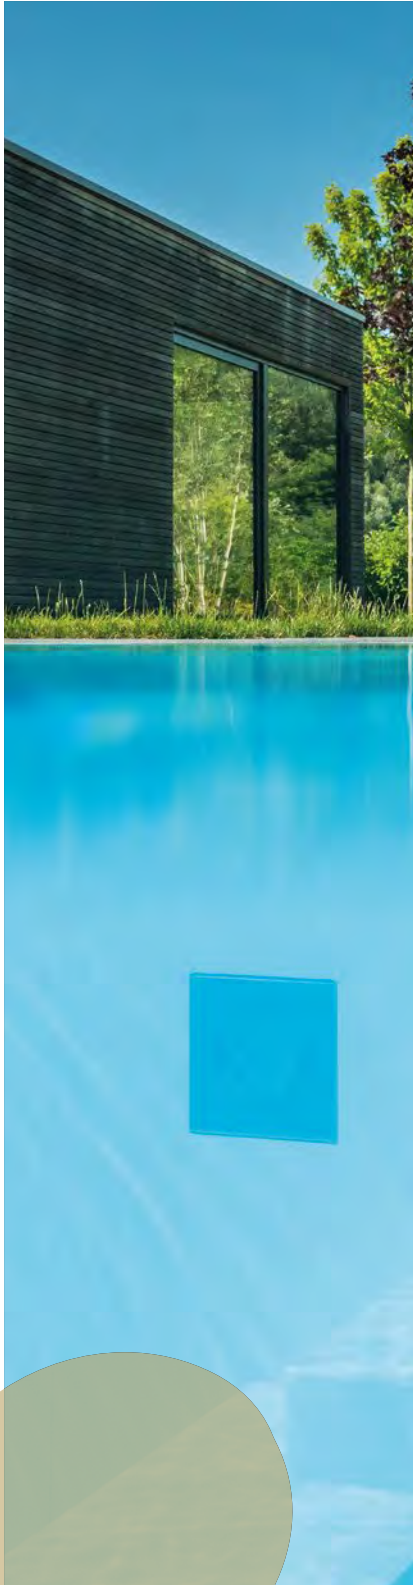

niveko
plus

The whole is a unique sum of the individual parts

**“We combine the best quality parts and components at
NIVEKO Plus.”**

We develop and test all possible variations. We create the best counter-currents, filtration, lighting and other components directly to suit you, your dreams and your needs.

First-class technology and functionality

The human mind perceives the world in its entirety, but for a complex impression every detail is of crucial importance. That's another reason why we pay attention to the very smallest detail.

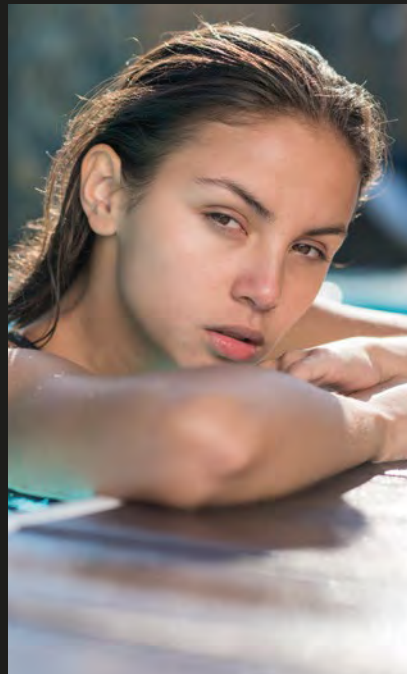

Unrivalled quality

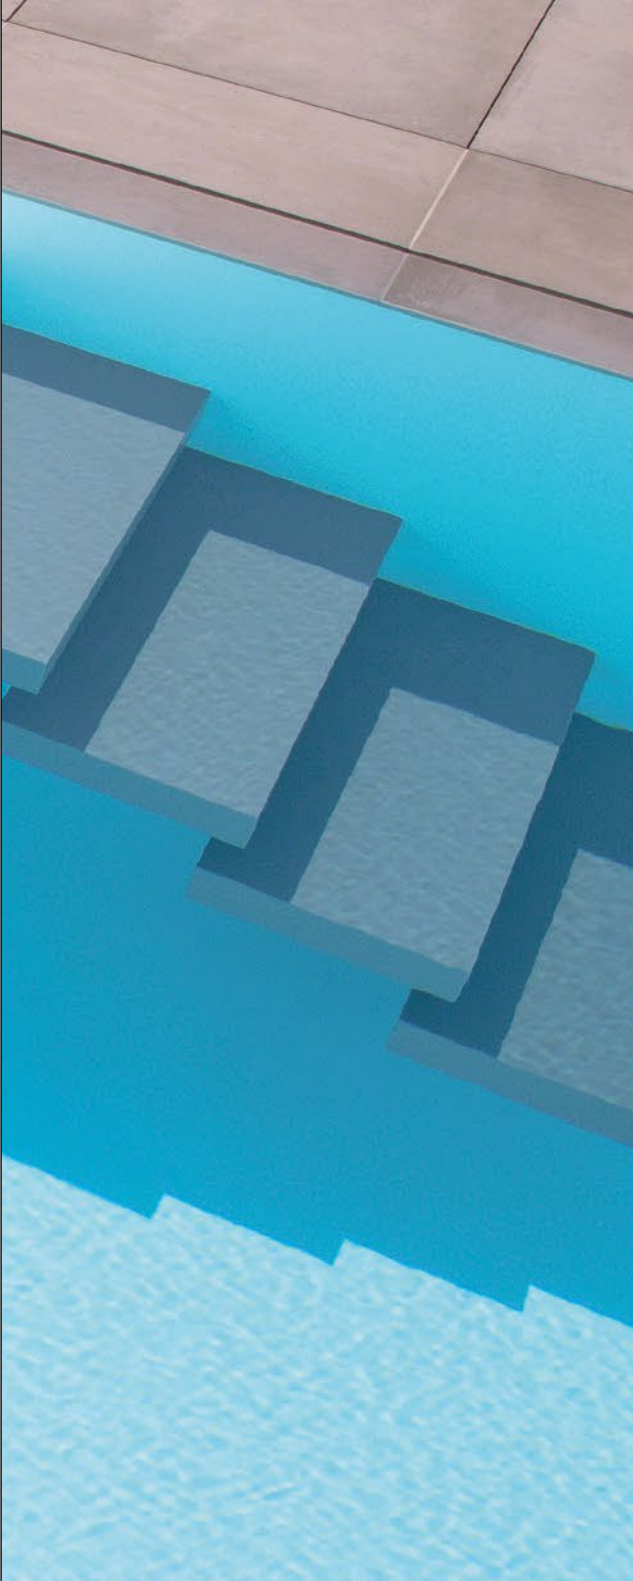

Our products and supplier relations have been tried and tested over many years. This enables us to offer an extended warranty under our NIVEKO Plus guarantee.

Personalised design elements

Do you long for a pool made of the highest quality components, customised exactly to suit you? We have thoroughly tested everything ourselves and so we can help you to choose the very best.

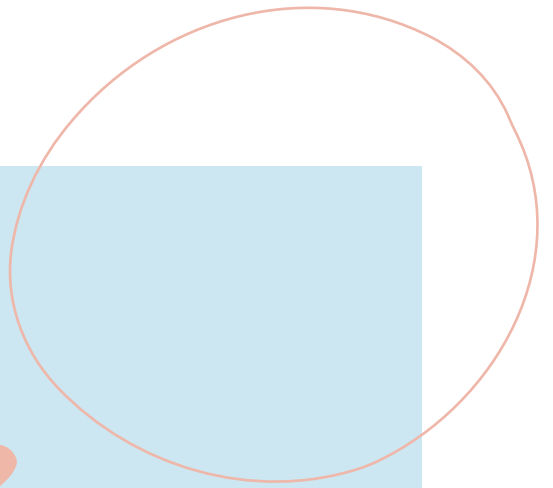

DESIGN

Perfect refreshment
relaxation

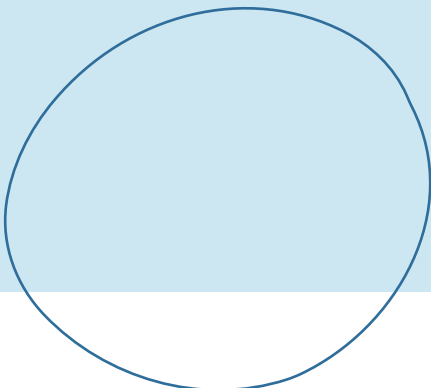

Stop for a while
and let the world
around flow by.

When a dream comes true

We design and make each of our pools exactly to suit your ideas – from the size, through the shape and colour to the select equipment. We seek and always find just the right combination of functionality design and timeless technology, to make sure that your NIVEKO pool lives up to your expectations both now and in the future.

POOL TYPE

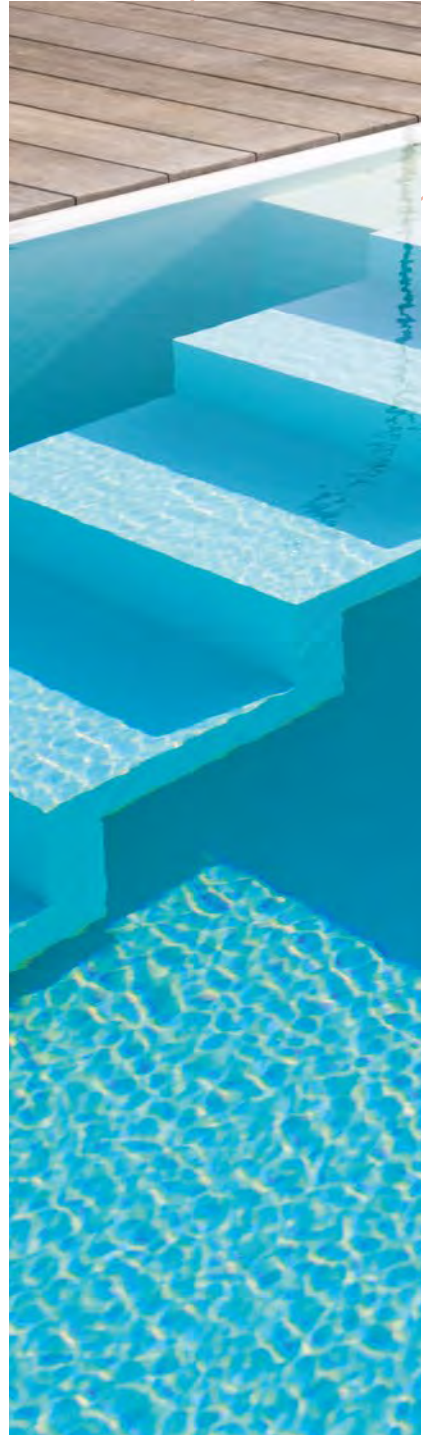

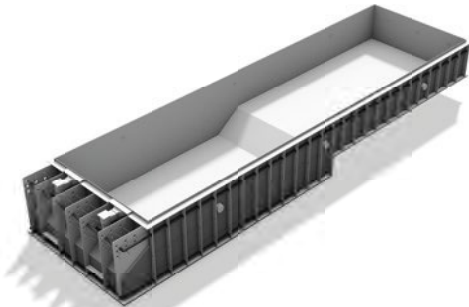

**It's entirely down
to you which
one you go for**

“Opt for what is truly close to your heart.”

What pool would you choose, if you could have anything? Really anything? Rectangular, rounded or perhaps even pointed? Blue, grey, white? An extravagant look or unobtrusive playful lines? We can offer all this and more!

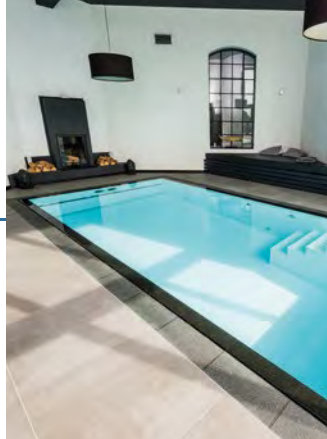

A pool that reflects your true you

COLOUR

White

Accentuates the sparkle of the water, thus giving natural play to colours.

Caribbean blue

Evokes the crystal-clear sea, white beaches, and freedom.

Grey

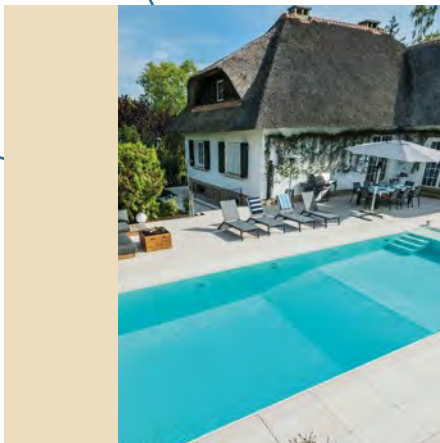

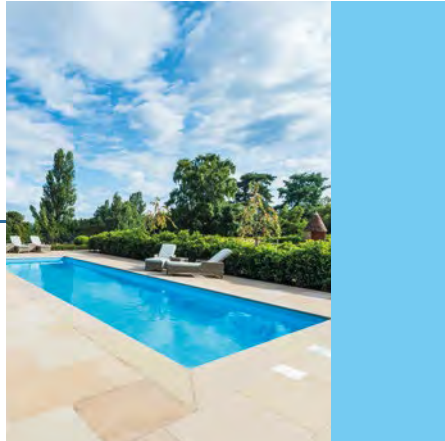

Grey looks very natural and accentuates the blue of the water.

Tones that are perfect for you

Light-blue

The colour of unlimited possibilities, peace and inner harmony.

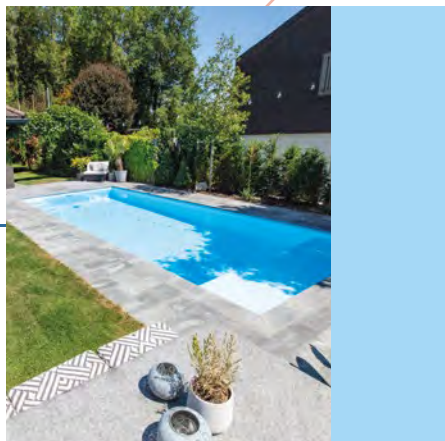

Sandy

The only warm shade in our pool colour range.

Steel-blue

Symbolises purposefulness, challenges and hope, and gives the feeling of refreshment.

ENTERING YOUR POOL

Modern corner stairs

Your choice shows that you appreciate timeless solutions and functionality.

Modern corner stairs with a beach

For those who want to save space and enjoy as much minimalism as possible.

Stairs along entire width

A stairs along the entire width of the pool is popular with people who have big plans and ambitious visions for the future.

Inner corner stairs angular

An inner corner stairs will charm you with its regular geometric lines.

Now it's time to just get in

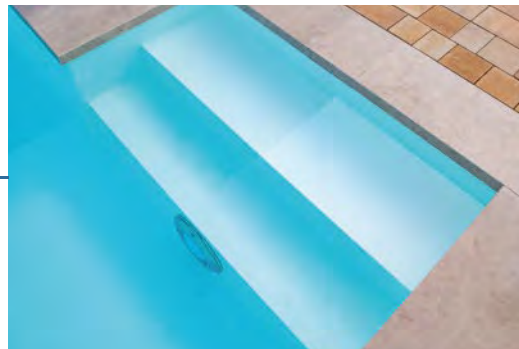

Inner corner stairs circular

Are you a fan of rounded shapes, continuity and eternal joy? So opt for a circular stairs.

Outer angular stairs

Do you believe the motto that there is a time and place for everything? These stairs are the ideal choice.

Apollo steps

For those who love airy, ingenious designs, pure freedom and liberation.

Milano steps

Tasteful design features that never fail to attract attention – the choice is yours.

nPool control mobile application

“Remember those moments when you felt truly carefree.”

Surely you can remember family good times that you've spent with your loved ones. You can now enjoy your pool together undisturbed. The nPool control application monitors your pool in real-time and allows you to control it easily from wherever you are. After all, water is an element and sometimes needs to be tamed.

Easy to control from anywhere

With the nPoolL control application you can control your pool using your tablet or smartphone easily and from anywhere.

Absolute control

Get a detailed overview of your pool. Our mobile application tells you everything you need to know about the temperature and cleanliness of the water, the filtration system, and also about the slat cover or pool lighting.

Connecting other devices

Did you know that the nPoolL control application can also control other smart devices around your pool, such as outdoor lighting on the terrace or a barbecue grill?

Regular maintenance and service

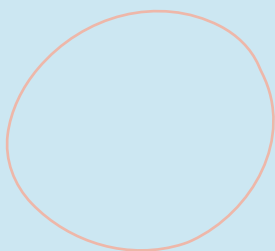

Enjoy complete peace of mind and leave the rest to us. Your NIVEKO partner will have a full overview of your pool and will arrange regular maintenance and servicing.
